Scrip Purchase Fundraising 禮券購買募款

SDCA is a non-profit educational organization. We asked all families purchase scrips during school year (\$700 for the first student; \$600 for the second student; \$500 for the third and each of the rest of students in your family). Scrips are gift cards from some grocery stores, department stores, retail stores or restaurants. You can use these gift cards that you purchase from our school at these stores. Scrip sales profit is used to fund school's activities. Every student is charged a refundable scrip deposit when register. But if you fulfill the required scrip purchase amount at registration, the scrip sale deposit can be waived. For example, if you purchase \$1,300 when register, your first two children won't be charged \$50 scrip deposit. But other kids still need to paid for the deposit. To take this special offer please enter the total amount of scrip that you'd like to purchase. We will add this amount in your registration form.
